

Oulu UAS Library – Information and experiences for everyone

Oulu UAS Library has up-to-date services and collections that support both studying and professional purposes. Our libraries are open to everyone and our skilled staff is happy and ready to serve you.

SERVICES

- borrowing from the library collections
- universal borrowing, which enables you to order books from the National Repository Library, Oulu University Library and Kajaani UAS Library
- interlibrary loans from other Finnish libraries
- customer terminals for seeking information and studying
- rooms for group work and studying
- possibility to use printers, scanners and copiers
- information services
- instruction in library use and information seeking
- instruction in conducting information retrieval
- library online services

If you are not a student or a staff member of Oulu UAS some services are subject to a charge. Interlibrary loans are subject to a charge for all customers. More information on services and charges at www.oamk.fi/kirjasto/english/.

LEEVI (<http://leevi.amkit.fi>)

Leevi is the online catalogue of the Oulu UAS Library. In Leevi you can search and request material, order material from other libraries and renew loans.

ELECTRONIC DATABASES

You have access to a wide collection of electronic databases from different fields on the library premises and in the campus network. The staff and students of Oulu UAS can access the databases also remotely from home.

For example, the following are available

- e-books
- e-journals
- digital sheet music
- dictionaries
- databases
- patents
- statistics
- reference databases
- theses
